		2,500 records per month, as requested by the plaintiff. Signed by Chief Judge Beryl A. Howell on November 8, 2018. (lcbah1) (Entered: 11/08/2018)

12/10/2018	<u>14</u>	Joint STATUS REPORT by ENVIRONMENTAL PROTECTION AGENCY. (Attachments: # <u>1</u> Declaration of Brian Hope)(Simon, Jeremy) (Entered: 12/10/2018)
12/12/2018		<p>MINUTE ORDER (paperless) DIRECTING, in light of the parties' <u>14</u> Joint Status Report, which reveals that the parties hold widely divergent positions regarding a viable production schedule for the 20,055 potentially responsive records, with the defendant seeking to produce 500 records per month over the next three years, and the plaintiff seeking the production of 2,500 records per month over the next eight months, that the defendant submit by December 20, 2018 responses to the following issues raised by information set out in the Declaration of Brian Hope ("Hope Decl."):</p> <p>(1) the effect of the "AO4 project," which in December 2017 consolidated FOIA processing of four offices into a single operation, <i>see</i> Hope Decl. &amp;#182 14, on the defendant's production capacity and whether the AO4 project has slowed or accelerated the defendant's production capacity for responsive records in the Office of the Administrator;</p> <p>(2) given that the "temporary team of 12 staff &amp; dedicated to first-line review of records" is focused on only "FOIA requests not in litigation," <i>see</i> Hope Decl. &amp;#182 15, how much the defendant's proposed production rate of 500 records per month could be increased by allocating more staff to FOIA requests in litigation and whether such allocation could bring this case to a prompt resolution;</p> <p>(3) given that only "four of the total six staff," who are "dedicated to working on FOIA matters assigned to the Office of the Administrator," are authorized "to spend a portion of their time on FOIA requests that are in litigation," <i>see</i> Hope Decl. &amp;#182 16, how much the defendant's proposed production rate of 500 records per month could be increased were these four staffers allowed to spend all their time on FOIA requests in litigation;</p> <p>(4) given the defendant's plan to "cap" at "50 percent of their time" the time the four staff members referenced in (3), above, are authorized to spend on FOIA requests in litigation, <i>see</i> Hope Decl. &amp;#182 17, how much the defendant estimates this plan slows the production rate of responsive records and impedes prompt resolution of FOIA litigation;</p> <p>(5) given that the four staff members referenced in (3), above, "support a maximum total of 256 hours per month to process records for FOIA requests in litigation," <i>see</i> Hope Decl. &amp;#182 19, what the total number of hours per month for such processing would be if all six staff members dedicated to working on FOIA matters, plus the 12 staff members referenced in (2) above, were authorized to work on FOIA matters in litigation, and how quickly the production of 20,055 potentially responsive records in this case could be accomplished to bring this case to a prompt resolution;</p> <p>(6) given that the "awareness notification process is not an approval process," <i>see</i> Hope Decl. &amp;#182 28, how long does this process delay release of responsive records, and how does this process effect the defendant's production rate; and</p> <p>(7) given that the defendant's estimate of the "average rate of review," is based on "review projects of varying degrees of complexity," <i>see</i> Hope Decl. &amp;#182 30, explain how the defendant evaluates the complexity of the FOIA requests at issue in this litigation, which, for example, seek such records as "the Administrators use of first class or business class expenses for the Italy trip and other meetings," and "records in the possession of Ryan Jackson pertaining to Scott Pruitt's actual or proposed use of first class or business class travel," <i>see</i> Hope Decl. &amp;#182&amp;#182 6Y, and whether non-complex requests at issue here should be reviewed and processed more quickly than the average rate of review to bring this case to a prompt resolution. Signed by Chief Judge Beryl A. Howell on December 12, 2018. (lcbah1) (Entered: 12/12/2018)</p>

Signed by Chief Judge Beryl A. Howell on January 9, 2019. (lcbah1) (Entered: 01/09/2019)
01/29/2019	<u>17</u>	Joint STATUS REPORT by ENVIRONMENTAL PROTECTION AGENCY. (Simon, Jeremy) (Entered: 01/29/2019)
01/29/2019		MINUTE ORDER (paperless) DIRECTING, upon consideration of the parties' <u>17</u> Joint Status Report, the parties to submit, by February 15, 2019, a joint status report responding to the Court's December 12, 2018 minute order. 02/15/2019		MINUTE ORDER (paperless) DIRECTING the plaintiff to respond, by February 22, 2019, to the defendant's <u>18</u> Status Report. Signed by Chief Judge Beryl A. Howell on February 15, 2019. (lcbah1) (Entered: 02/15/2019)
02/19/2019		Set/Reset Deadlines: Response to <u>18</u> Status Report due by 2/22/2019. (tg) (Entered: 02/19/2019)
02/22/2019	<u>19</u>	RESPONSE re <u>18</u> Status Report filed by FIRST LOOK MEDIA WORKS, INC.. (Kelley, Matthew) (Entered: 02/22/2019)
02/25/2019		MINUTE ORDER (paperless) ISSUING, upon consideration of the <u>13</u> Joint Status Report, <u>14</u> Joint Status Report, <u>18</u> Joint Status Report, and the <u>19</u> Plaintiff's Response to Status Report, the following SCHEDULING ORDER: (1) by March 27, 2019, and every 30 days thereafter until the production of responsive records is complete, the defendant shall release to the plaintiff no fewer than 750 responsive records; (2) by April 26, 2019, and every 60 days thereafter until the production of responsive records is complete, the parties shall file a joint status report advising the Court on the status of the defendant's production, including the number of records produced, in full or in part or withheld, and remaining for processing, and the estimated date for completion of such processing. Although the defendant objects to production of more than 500 records per month as infeasible, <i>see</i> <u>14</u> Joint Status Report at 3, production of 750 records per month is consistent with the defendant's commitments in other litigation, <i>see</i> Decl. of Brian Hope ¶ 15, ECF No. 18-1, and is a significant departure from the plaintiff's initial request that the defendant release 2,500 records per month. Furthermore, the defendant's requested limit of 500 records per month and assessment of its own production capacity reflects the defendant's choices about allocating resources, including between FOIA requests not yet in litigation and those already in litigation. <i>See id.</i> ¶¶ 5, 11, 14. Clearing the backlog of 1,500 FOIA requests that accrued due to the increase in FOIA requests during the tenure of former

		Administrator Scott Pruitt, <i>see id.</i> ¶¶ 4 , cannot come at the expense of reasonably expeditious resolution of FOIA requests already in litigation. Production of 750 records per month serves that objective. Signed by Chief Judge Beryl A. Howell on February 25, 2019. (lcbah1) (Entered: 02/25/2019)
02/26/2019		Set/Reset Deadlines: Release of responsive records due by 3/27/2019, and every 30 days thereafter until the production of responsive records is complete. Joint Status Report due by 4/26/2019, and every 60 days thereafter until the production of responsive records is complete. (tg) (Entered: 02/26/2019)
